Hi Paul,

Thank you for the email below. I can have an invoice drawn up for the investigation fee associated with this potential road closure. Could you please indicate who the invoice is being made out to and if you would like it emailed to yourself or to your client.

This particular road closure is not a typical road closure as by way of what your diagram indicates there are building and fence encroachments on the formed road reserve Pearces Creek Road. For this to move forward we would need a survey completed by a registered surveyor indicating boundary lines, all encroachments and the exact location of Pearces Creek Road.

Cheers

Hi Deanna,

I am writing to you in regard to process of closing a council public road in the Byron Shire (Pearce's Creek, Booyong).

As per the Byron Shire Council 'Process & Cost Structure for Road Closures' document, I have attached a plan of a council road adjacent to 101 Pearce's Creek Road, Booyong (Lot 30 DP 862126).

Could you kindly please advise on whether Council can investigate this proposal?

Regards,
