**Subject: Response to Coastal Zone Management Plan for the Brunswick Estuary**

Dear Chloe

The Trust is writing in response to Byron Shire Council (BSC) letter dated Tuesday 4 July 2017 requesting clarification of support for the strategies relating to Trust land or assets.

The Trust continues to support Byron Shire Council delivery of its Coastal Zone Management Plan for the Brunswick Estuary. The importance of the estuary environment and its management is recognized by local and NSW Community alike.

Recommended Strategy B2 defines NSWCHPT as the lead agency. The Trust requests that this be amended. The ability for the trust to lead design and repair to the seawall and its follow up structural maintenance is not within the core activities of the Trust.

The Trust sees its role as a support to the Council. The Trust currently;

- Provides maintenance funding for foreshore parks
- Assists the maintenance of foreshore areas within the Holiday Parks.

The Trust requests the Brunswick CZMP is updated, removing NSWCHPT as lead agency.

Yours sincerely
