Resolved:
that a further report be furnished regarding other existing commercial uses within Lot 4 DP 827049
(Staples/Richardson).

Resolution closed as per Res 18-331 on basis that Staff have reviewed the original report, conducted preliminary consultation with current key stakeholders and conducted compliance action to address some of the immediate litter and illegal dumping issues. In light of the abovementioned factors, staff plan to provide Council with an updated recommendation report for consideration which will involve a contemporary multi-faceted solution of improved waste management practices, infrastructure, potential leasing arrangements and ongoing surveillance and compliance action if required.

Resolution closed as per Res 18-331

Staff working in collaboration with Byron Bay Town Centre Master Planning Leadership Group representatives from the Chamber of Commerce (Gail Fuller and Helen Buckley) who have engaged businesses backing onto Lawson St indicating the objective to remove commercial bins from Council/public land and clean-up/beautify the precinct. Staff have also advised Richmond Waste of the requirement to remove commercial bins form the public land as a matter of priority, aiming for removal by the end of September. Additional collaboration with North East Wase and Revolve Your World has been conducted with the objective of improving waste management practices of the businesses in this precinct.
This program has not yet progressed due to a lack of compliance resource required to address the issue. However, it will be addressed and prioritised in the Illegal Dumping and Litter Education and Enforcement Project and associated implementation plan which will be developed as the initial task of the new Waste Compliance Officer Position.

Upon commencement of this new Officer, more detail will be provided on timeframes for delivery.

Email to Team Leader 2017/23232 - resolution to be worked through in order to progress
