

Figure 1: Whites Beach Car Park can safely accommodate 13 cars. Photo taken by enforcement officers to illustrate typical parking concerns. Photo taken 8th September, 2019—Long Weekend. Note parking congestion is greater during summer.

Figure 2: Brays Beach Car Park, designed to accommodate 6 cars. Cars paralleled parked are illegally Parked. Consideration will be given to including some of this parallel parking area into a Restricted Parking Area. Photo taken on 8th September, 2019— Long Weekend. Note parking congestion is greater during summer.

Figure 3: Kings Beach Car Park, can accommodate approximately 25 cars. Note cars starting to spill out past car park entrance. Photo taken on 8th September, 2019—Long Weekend. Note parking congestion is greater during summer.

Figure 4: Kings Beach Car Park, can accommodate approximately 25 cars. Photo taken Friday 13th September 11.20am so expected to managed demand for that time of year.

Figure 5—Photo's taken by local residents approximately 31st December 2018. All parallel parked cars are illegally parked. Two way traffic is significantly restricted and cars have been required to reverse reasonable distances to make way for each other.
