DEVELOPMENT APPLICATIONS

Report No. 6.1 Harvest Estate regulatory signage

File No: I2022/412

5

Council has received a Subdivision Works Certificate application associated with stages 1b-2 of the Harvest estate (west Byron) development in Byron Bay for 61 new residential lots. As part of the approved D.A (10.2017.201.2) consent conditions 27 & 41 imposed the following requirements:

10

27. Bayshore Drive Roundabout Approach

15

Prior to the issue of a Subdivision Works Certificate for Stage 1-B, detailed design documents are to be provided to the Certifying Authority showing at least a 30m length of dual lane approach on Road 1 to the Bayshore Drive/Ewingsdale Road roundabout.

The extension to the existing partially constructed median is to be provided as required to Austroads Guide to Road Design requirements as part of Stage 1-B.

41. Works within road reserves

20

Consent under the Roads Act 1993 must be obtained from Council for all works within public road reserves managed by Council or, for Classified Roads, approval from Transport for NSW.. All works within any Classified Road are to be designed and undertaken in accordance with applicable TfNSW requirements.

25

Council's Development Engineer has confirmed Attachment 1 has incorporated the above conditions into the design.

The purpose of this LTC report is to gain Council support for the proposed regulatory signage and line markings shown in attachment 1.

30

RECOMMENDATION:

That Council support the regulatory signs, lines and traffic control devices associated with the Harvest Estate works, as shown in Attachment 1 (E2022/37580)

35

BYRON SHIRE COUNCIL

LOCAL TRAFFIC COMMITTEE MEETING

6.1

Report writer: Have you mentioned an attachment in your recommendation? If so, include the TRIM number in brackets eg "...Attachment 1 (E2017/1234)..." It's necessary for the minutes document.

Report No. 6.2 Festival of the Stone 2022

File No: I2022/473

SUMMARY

5 Development application (DA) 10.2022.64.1 is currently being assessed and seeks concurrent approval to hold a one-day festival on Saturday 4th of June 2022 at the Stone and Wood micro-brewery site in the Byron Arts and Industrial Estate. The patron aspects of the function will open at 15:00 and finish at 22:00. The capacity of the function will be 2000 patrons. Food and entertainment will be provided along with alcoholic beverages in accordance with liquor licencing requirements. The development application proposes temporary closure of Centennial Avenue under traffic control as well as temporary signage in the public road reserve along Centennial Avenue and Ewingsdale Road.

The function proponent will obtain a contract booking to use the Cavanbah Centre for the purpose of car parking for the function.

15 The submitted S.E.E states All parking and vehicular drop-off **including bus, taxi, Uber** & other mode of transportation to from the function will utilise Cavanbah Centre. The car parking area in Cavanbah Centre will be maintained during the function and returned to pre-festival conditions. Drop-off & Pick-up of elderly and people with disability will be undertaken at the northern access of the site and assisted with function personnel; and No drop-off & pick-up permitted along Centennial Circuit other than elderly and people with disability.

The Event Management Plan submitted contradicts the S.E.E as mentioned above stating All vehicle drop off and pickup will be at the Cavanbah Centre, **except Buses, Taxis & Ubers**, the S.E.E needs to be amended to reflect this, as this was the case at the 2021 event.

25 Prior to the event a 11 seat Shuttle service has been proposed from the Cavanbah Center to the Brewery, then from the Brewery to Byron Bus station and return. After the event a 60 seater bus or 2 mini coaches is proposed a return trip to the Cavanbah Center then Byron Bus Station at a \$5 charge on the day. Otherwise pedestrians can walk 6 min. from the Cavanbah Centre to the Brewery and back.

30 A traffic guidance scheme (TGS) similar to the approved 2021 event has been re-submitted for this year's event. Refer attachment. The TGS proposes temporary closure of Centennial Circuit between Brigantine Street and Tasman Way during the event. Access to the road closure is intended to be provided to shuttle buses, uber's and taxi's under traffic control. Event marshals will be provided to assist with managing pedestrians and vehicle drop-offs at the site frontage. Its noted last years event under this traffic control scheme went smoothly with no traffic queuing back onto Ewingsdale Road or choking the industrial back streets.

40 **RECOMMENDATION:**

BYRON SHIRE COUNCIL

LOCAL TRAFFIC COMMITTEE MEETING

6.2

1. That Council endorse the Festival of the Stone to be held on Saturday 4 June 2022, in accordance with the Local Traffic Committee recommendations.

2. That the endorsement provided is subject to:-

5

a. Separate approvals by NSW Police and TfNSW being obtained, if required;

10

b. A Traffic Guidance Scheme (TGS), design by those with relevant and current TfNSW accreditation;

c. The event is notified on Council's webpage.

d. The event organiser:

15

i. Holding \$20m public liability insurance cover which is valid for the event.

ii. Undertaking consultation with emergency services and any identified issues addressed.

20

iii. Undertaking consultation with community and affected businesses including adequate response/action to any raised concerns.

iv. Paying Council's Road Event Application Fee prior to each event.

25

e. Development Approval conditions of consent are met

f. After the Festival a report must be submitted to council (within 3 months) from the original TGS designer with comments of how affective the traffic control was during the event and list recommendations if required to approval future events.
