- 6. REGULATORY MATTERS**
 - 6.1 Upgrade of intersection at 533 Bangalow Road, Talofa..... 3

REGULATORY MATTERS

Report No. 6.1 Upgrade of intersection at 533 Bangalow Road, Talofa

5 **File No:** I2025/307

The purpose of this LTC report is to gain support for the proposed regulatory signage and line markings shown in attachment 1.

10 Council has received a Roads Act application associated with a development approval for Driveway Crossover, intersection upgrade and Traffic Guidance Scheme for Tourist and Visitor Accommodation Comprising Six (6) Cabins.

As part of the approved D.A (10.2022.100.1) consent condition 14 imposed the following requirement:

14. Consent required for works within the road reserve

15 Consent from Council must be obtained for works within the road reserve pursuant to Section 138 of the Roads Act 1993. Three (3) copies of engineering construction plans must accompany the application for consent for works within the road reserve.

Such plans are to be in accordance with Council's current Design & Construction Manuals and are to provide for the following works:

Modified Type CHR and BAL intersection

Road pavement, shoulder and associated drainage construction including any necessary relocation of services across the frontage of the development in Bangalow Road generally in accordance with SDS Civil Enterprises drawing C1 dated 10/19.

Removal of Existing Driveway

The existing driveway servicing the existing shed and located in west of the new intersection must be removed and reinstate the verge to match the existing.

20 **Please Note: Regulatory devices, linemarkings and signage must be referred to Local Traffic Committee and approved by Council Resolution.**

Conclusion

The purpose of this LTC report is to gain Council support for the proposed regulatory signage and line markings only shown in attachment 1.

- 5 In regards to the BAL, Austroads 2023 allows for no tappers for small vehicles where vehicle can perform the left turn without encroaching into the opposing traffic lane. A MRV swept paths have been include in attachment 1 demonstrating compliance with this.

10

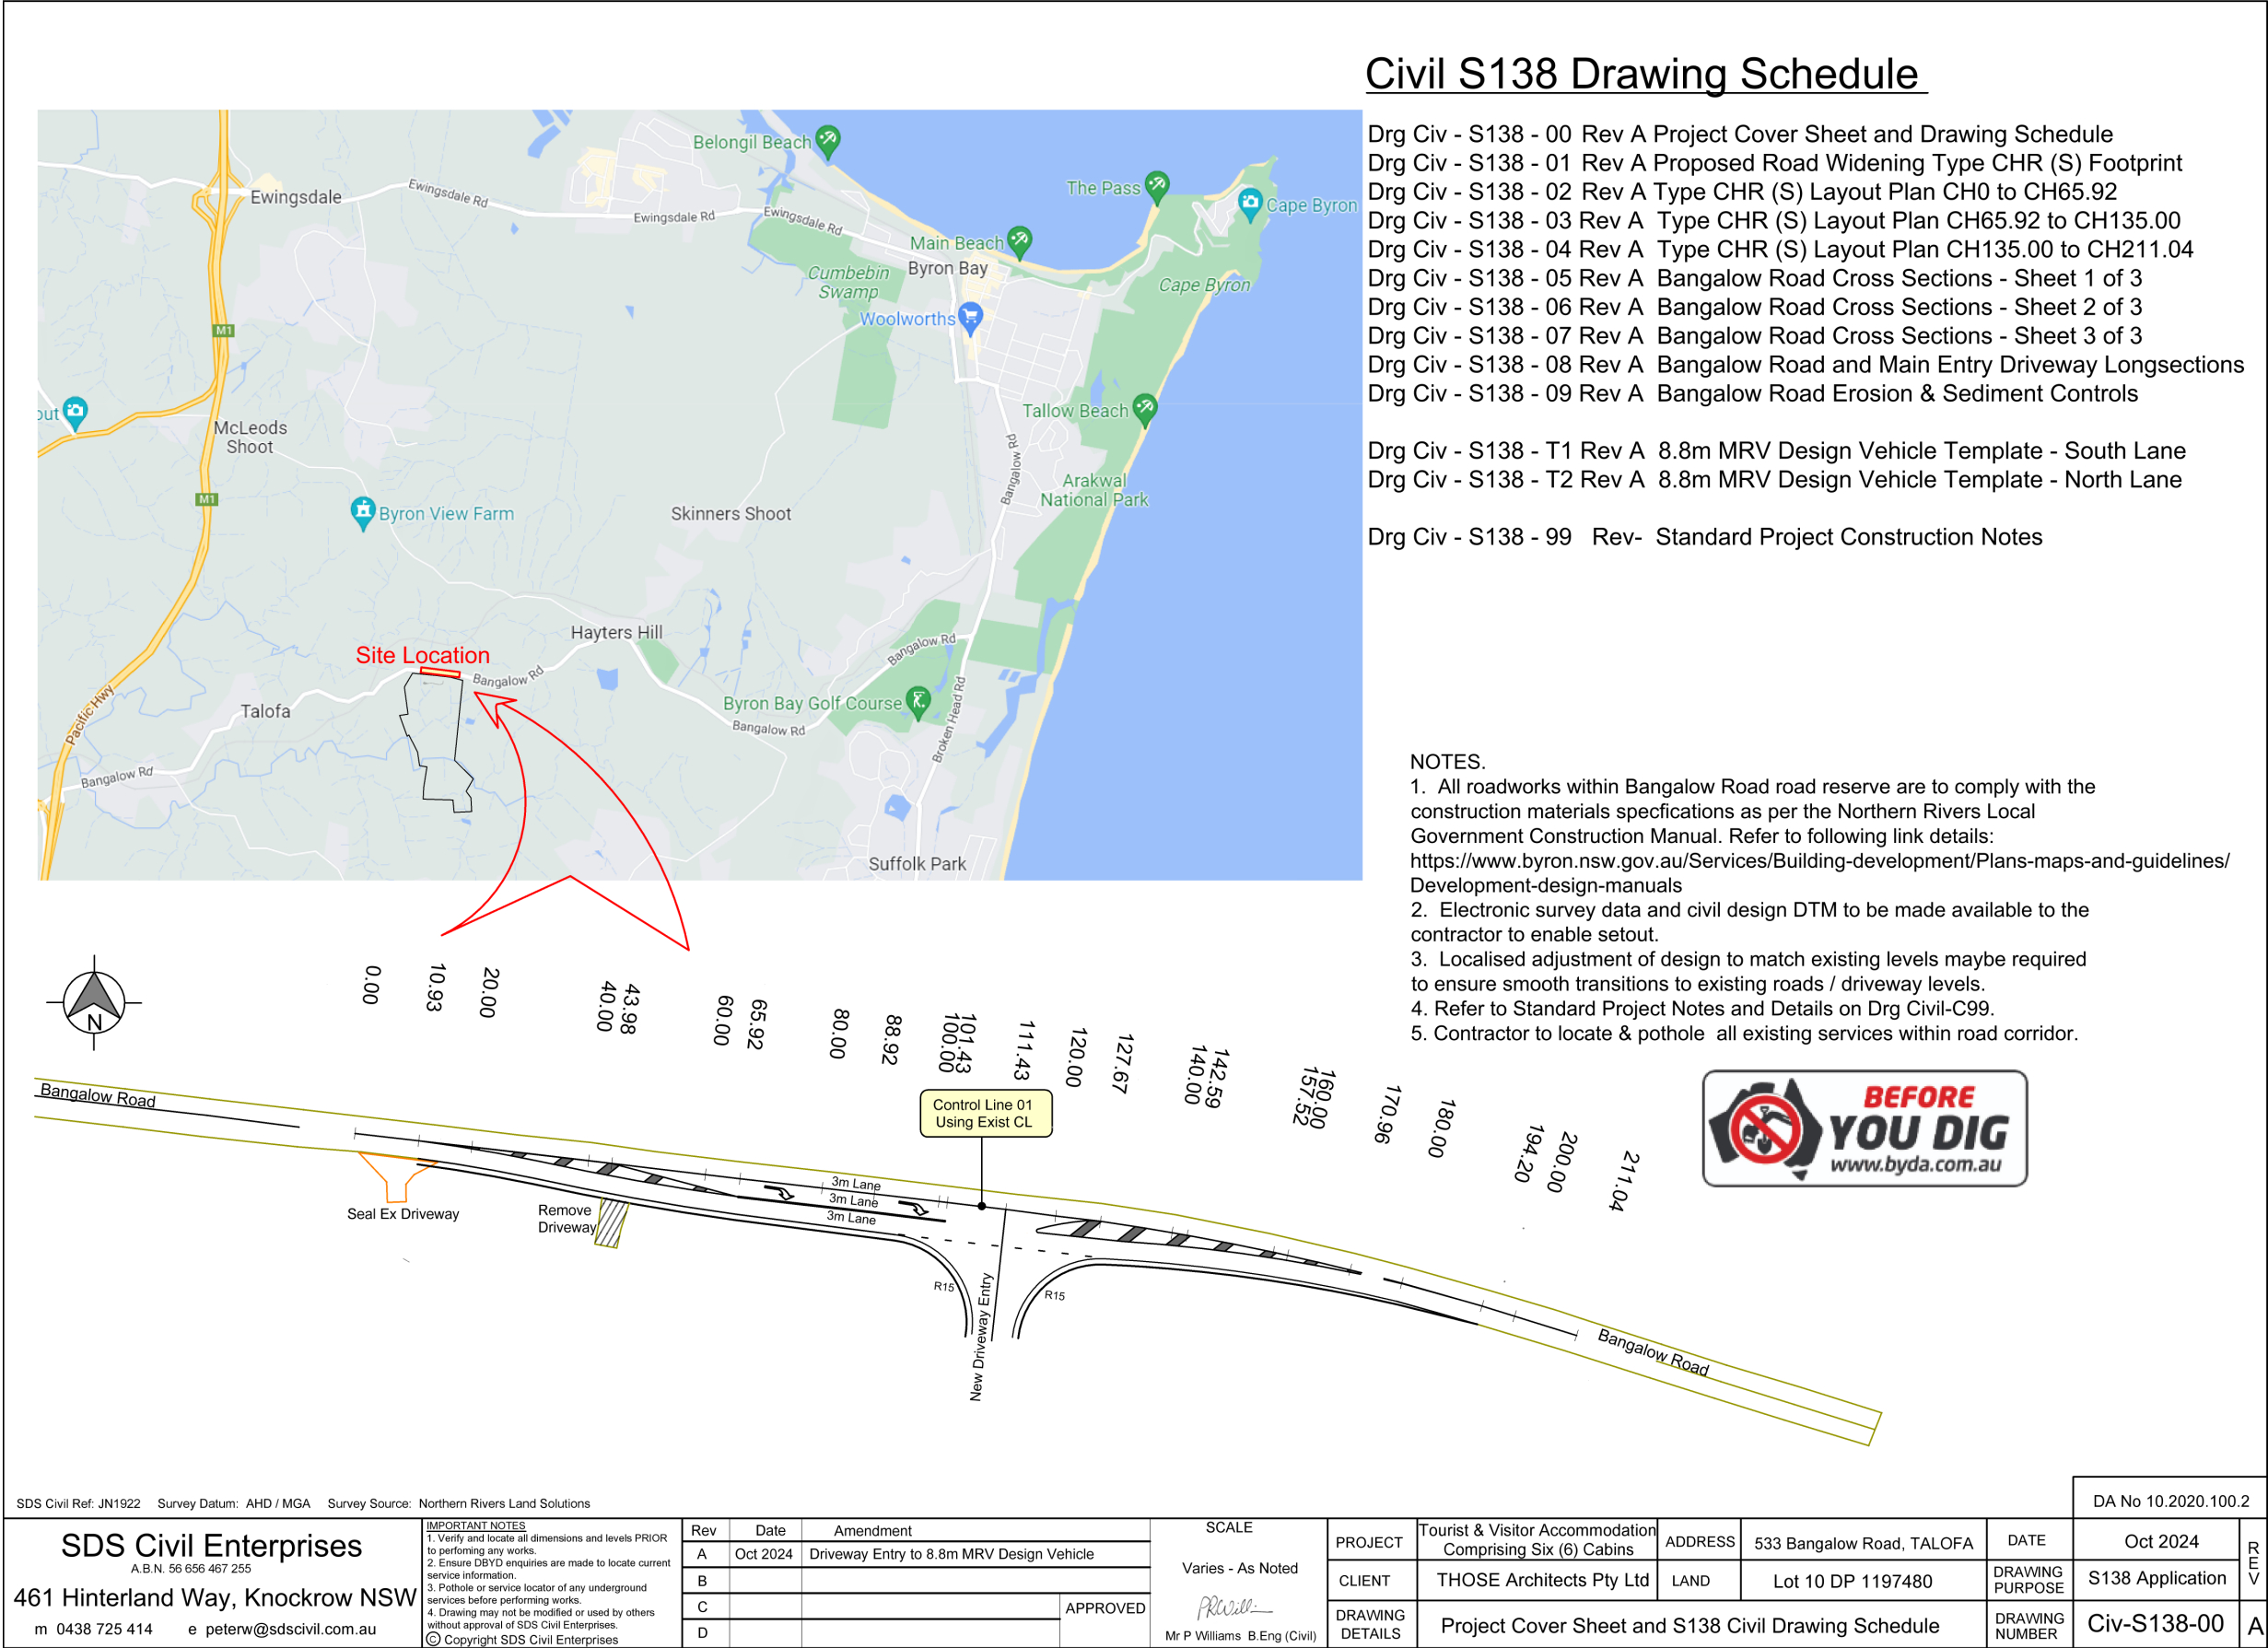

RECOMMENDATION:

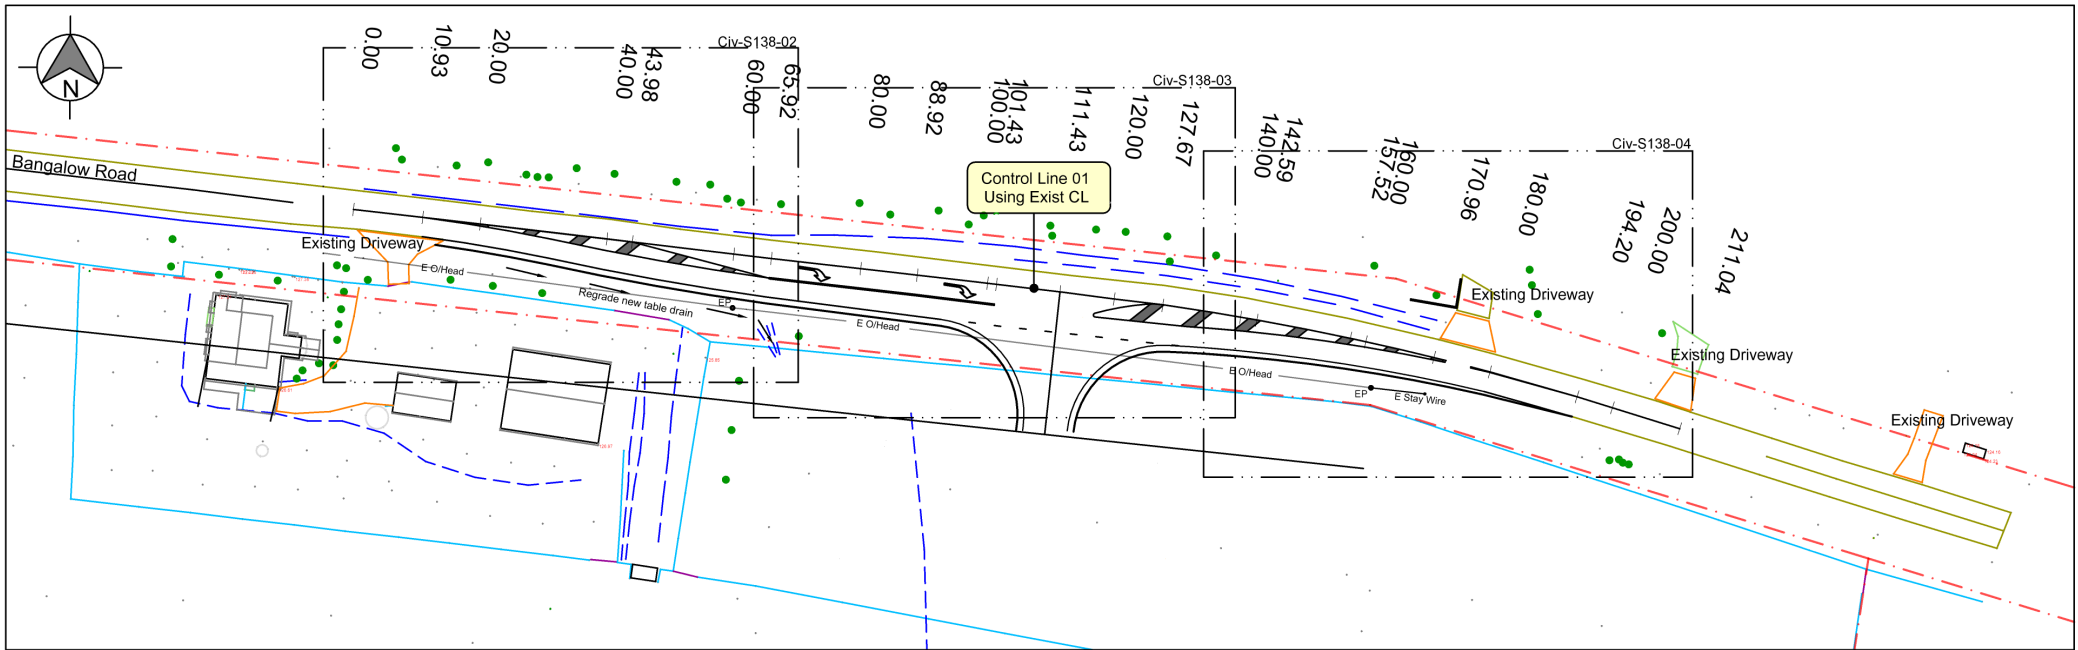

That the Local Traffic Committee endorse the proposed intersection plan as nominated in Attachment 1 (E2025/26157).

- 15 *Report writer: Have you mentioned an attachment in your recommendation? If so, include the TRIM number in brackets eg "...Attachment 1 (E2017/1234)..." It's necessary for the minutes document.*
