Dear Sam Moss

I am writing you in regards to your enquiry about planting four hoop pine trees in the Brunswick Head area. Your proposal was presented to the Bundjalung of Byron Bay Aboriginal Corporation (BOBBAC) board of directors, who were delighted with the idea.

As a result, permission has been granted for the planting of the trees. However, the BOBBAC board of directors would like to understand the exact location where you intend to plant each tree, prior to digging and final placement of the trees. The reason for this is to make certain that the chosen spots are not on land that is culturally sensitive and/or may contain cultural heritage material.

Therefore, this letter is written to provide support of your endeavour, but also to advise that all parties still need to agree on final location for each tree. Once this information is provided and then presented to the board, we can move forward with planting.

Thank you for your understanding and patience in this matter.

Kind Regards,

Brent Emmons

BOBBAC General Manager
