Question	Response (If no, state your reasons why)
C. Identification and assessment of impact of proposed measures. Is a detailed assessment required? (Continued)	<p>Traffic Controls - Stage 3 (12:30 – 17:30) Mullwillumbah Rd at Federation Bridge to Main Arm Rd to be controlled by traffic controllers. The South bound lane will be used for contraflow traffic controlled by Traffic Controllers. Traffic will be allowed to access Main Arm Road in-between competitors.</p> <p>Traffic Controls – Stage 4 (12:30 – 17:30) Coolamon Scenic Drive from Main Arm Rd to 1913 Coolamon Scenic Drive. The South bound lane will be used for contraflow traffic controlled by Traffic Controllers. Traffic will be allowed to access Main Arm Road in-between competitors.</p> <p>Traffic Control Stage 5 (12:30 – 17:30) 1913 Coolamon Scenic Dr to the Mullumbimby Post Office. All participants to start the home run stage by 17:00 or be collected by a vehicle. An escort vehicle will tail the last participant and all road closures and traffic control will be dismantled once the vehicle has passed. When this stage is completed with the last Southbound participate an RFS vehicle will sweep up any participants who exceed the do not finish time. Once competitors cross the finish line they will move onto the footpath and head to the Mullumbimby Civic Memorial Hall for the presentation.</p> <p>Presentation (16:00 – 17:30) After the presentation in the park pedestrian will use existing pedestrian crossings on Dalley St to access the Ex Services Club.</p>
D. Measures to ameliorate the impact of re-assigned traffic Is an assessment required?	<p>This event will not impact the state arterial network. However vehicles will expect delays trying to access Mullumbimby from Ocean Shores or Main Arm Road.</p> <p>500 participants are expected on the course however that are no traffic flow data available at this time.</p> <p>A presentation is planned for the Park around the Mullumbimby Civic Memorial Hall so there should be a large increase in vehicles parking in this area and pedestrian activity.</p>
E. Assessment of public transport services affected. Is an assessment required?	<p>Event organisers will advise all Public Transport Services of the event and road closures.</p> <p>Public transport services will be given priority to proceed through the stages.</p> <p>Private vehicles will be able to use public parking available in Mullumbimby.</p>

Table 1. TMP Performa (part 2 of 2)		
Question	Response (If no, state your reasons why)	
F. Details of provision made for emergency vehicles, heavy vehicles, cyclists and pedestrians. Are these details required?	Emergency	Emergency vehicles will have right of way on all stages. The NSW fire and rescue has created an Emergency Evacuation Plan for this event.
	Heavy Vehicles	Heavy vehicles will have priority on the affected roads. Being the weekend not many heavy vehicles are expected.
	Cyclist	Cyclist will have to follow traffic control in place and abide by road rules.
	Pedestrians	The existing footpath network will remain open. Conflicts between participants and pedestrians is classified as a low risk and not being controlled.
G. Assessment of effect on existing and future developments with transport implications in the vicinity of the proposed measures. Is an assessment required?	Residents are likely to be delayed due to the contraflow traffic arrangements. Mullumbimby Community Market (08:00 to 14:00) is on the 16/09/2017 and by reducing the time that competitors block Jubilee Avenue and Dalley St will greatly reduce any additional stress on this event. A quick Google search has not identified any other major events in Mullumbimby that weekend including the showground's.	
H. Assessment of effect of proposed measures on traffic movements in adjoining Council areas. Is an assessment required?	No adjoining Council areas are to be affected by this event.	
I. Public consultation process Is a public consultation process required	The event organisers are using printed media, internet, socials and signage to make the public aware of the event.	
J. Terrorism controls in place	Due to the nature and small scale of the event there are no Terrorism controls in place as it has been assessed as a low risk. The likelihood of a errant vehicle running through the witches hats or traffic controls is likely. The Police have been advised about this event.
