		Report: 12019/46	Directorate: General Manage	ər	
			Officer: McGarry, Claire	-	

**Resolved:** 

- 1. That Council relocate the rotunda to the road reserve at Wordsworth St during the Railway Park construction period, unless it can be shown that moving it to Site B as part of the initial stage of construction results in overall cost savings for the project.
- 2. That Council nominate the permanent location of the Railway Park rotunda post construction identified as Site B in the report, as the permanent location for the rotunda.
- 3. That Council undertake an Expression of Interest process for the use of the rotunda by community groups as adopted in the Railway Park Plan of Management.

- Ongoing Planning workshops were held in Nov 2020 and Mar 2021 with representatives from TfNSW along with other key NSW Government regional departments. Future workshops to be confirmed after TfNSW has completed their Options Study...,
- 2. Completed Council has incorporated the activation of the Rail Corridor into the draft Integrated Transport Strategy as a key element.,
- Completed staff commenced preliminary work on the potential governance framework. However, there are many factors that will influence the final governance model. Dan Champness TfNSW confirmed during the workshop on 5 March 2021 that the Government will have the major influence over the final Governance model. Awaiting further guidance from TfNSW.,
- 4. Completed Letters to the above were sent on 19 June 2020. A single response was received from Chris Hanger, noting the government will require the following; evidence of a viable and sustainable business model; have undertaken effective community consultation and engagement with adjacent landholders that demonstrates overwhelming community support; and have addressed issues relating to potential biosecurity concerns
- Ongoing currently no funding opportunities have been identified to support this "Rail with Trail" project. However, ongoing consultation with TfNSW will support the final funding model. It is worth noting that Lismore Council recieved \$9.9m in funding from BBRF6 in 2021 to construct their Rail Trail from Bentley to Eltham Hotel.,
- 6. To be commenced concurrently or after the detailed engineering assessment work activity.,
- 7. Completed Letters have been sent. No responses received.,
- 8. Ongoing Quarterly progress report to be issued to Council. The cycle is actually every quarter due to the requirement of the Operations Plan
- 9. Completed included in the 20/21 Operational Plan,
- 10. Completed Incorporated the activation of the rail corridor into the Integrated Transport Strategy, together with recommended projects and actions, and will continue to be funded from the existing Integrated Transport Strategy.,
- 11. Items 4, 5, 7 and 8 are variously completed or in progress. Item 6 a budget allocation was considered at several quarterly reviews in FY2021 and 21/22 with no budget applied to this project.

- 1. revokes the \$3,000.00 fine imposed on Nicole Haberecht over the painting of her (now former) house in Stuart Street, on compassionate and hardship grounds;
- 2. advises Revenue NSW that the fine has been revoked and that all instalments paid by Ms Haberecht be reimbursed;
- 3. reviews the colour restrictions applying to houses in the general heritage conservation area with a view to liberalising the range of colours from which a home owner may choose;
- 4. advises home owners of the free "Minor Works and Maintenance Application" set out in Council's Fact Sheet titled "Consent requirements for Heritage Items and Heritage Conservation Areas" in any future colour disputes.
