The General Manager  
Byron Shire Council  
PO Box 219 Mullumbimby  
2482

Submission Re Cavanbah Centre (Lot 3 DP 706286 ) – Extension for  
Byron Famers Market

The Byron Bay Cycle Club (BBCC ), wish to make Council aware of the  
following points:

- The existing multi use cycle path (stage 1 ) on the eastern side of the Cavanbah Centre was constructed by the BBCC to a standard suitable for bicycles and not for cars or heavier vehicles. As such it should not be used by vehicles attending the Farmers Market.
- The BBCC has received a grant from Sports Australia to complete the multi use cycle path ( stage 2 ), around the sports field to the west of the car park. BBCC and Council have begun discussions about its construction which is expected to take place in the first half of 2020. BBCC and Council will need to agree how to manage the construction during times when the Farmers Markets are being held.

Sincerely  
Ian White  
Vice President  
Byron Bay Cycle Club
