# Acknowledgement of Country

In preparation of this document Council acknowledges the Bundjalung of Byron Bay - Arakwal People are the Traditional Custodians of the land in Byron Shire, and form part of the wider Aboriginal nation known as the Bundjalung.

Byron Shire Council and the Traditional Custodians acknowledge the Tweed Byron Local Aboriginal Land Council and the Jali Local Aboriginal Land Council under the Aboriginal Land Rights Act 1983.

Council also acknowledges all Aboriginal and Torres Strait Islander people who now reside within the Shire and their continuing connection to country and culture.

# Executive Summary

Welcome to Council's Operational Plan 2023/24, where we're committed to delivering on our promises to the community. Following the 2021 Local Government election, Council developed the Delivery Program 2022-26 to outline our commitments for the term. This Operational Plan outlines the proposed activities to support those commitments in 2023/24.

We understand the impact that the devastating flood events of early 2022 had on the Byron Shire community and the need for recovery. As such, one of our key focuses for the upcoming year is on continuing to rebuild and repair community infrastructure, including roads, bridges, and community buildings. We recognise the importance of these services to the community, and we are committed to making sure they are fully functional as soon as possible.

The housing crisis in the Byron Shire and beyond has only worsened due to the displacement caused by the flood events. We're committed to finding solutions, and our focus on this issue will continue. We believe that everyone deserves a safe and secure place to call home, and we're looking for opportunities to improve process, planning, and legislation to make this a reality.

In addition to these priorities, we're also committed to providing excellent services to the community. We'll be continuing to focus on delivering high-quality customer service, and improving our processes and systems to make it easier for the community to interact with Council. We're also committed to exploring ways to reduce our environmental impact and support a more sustainable future for the Byron Shire.

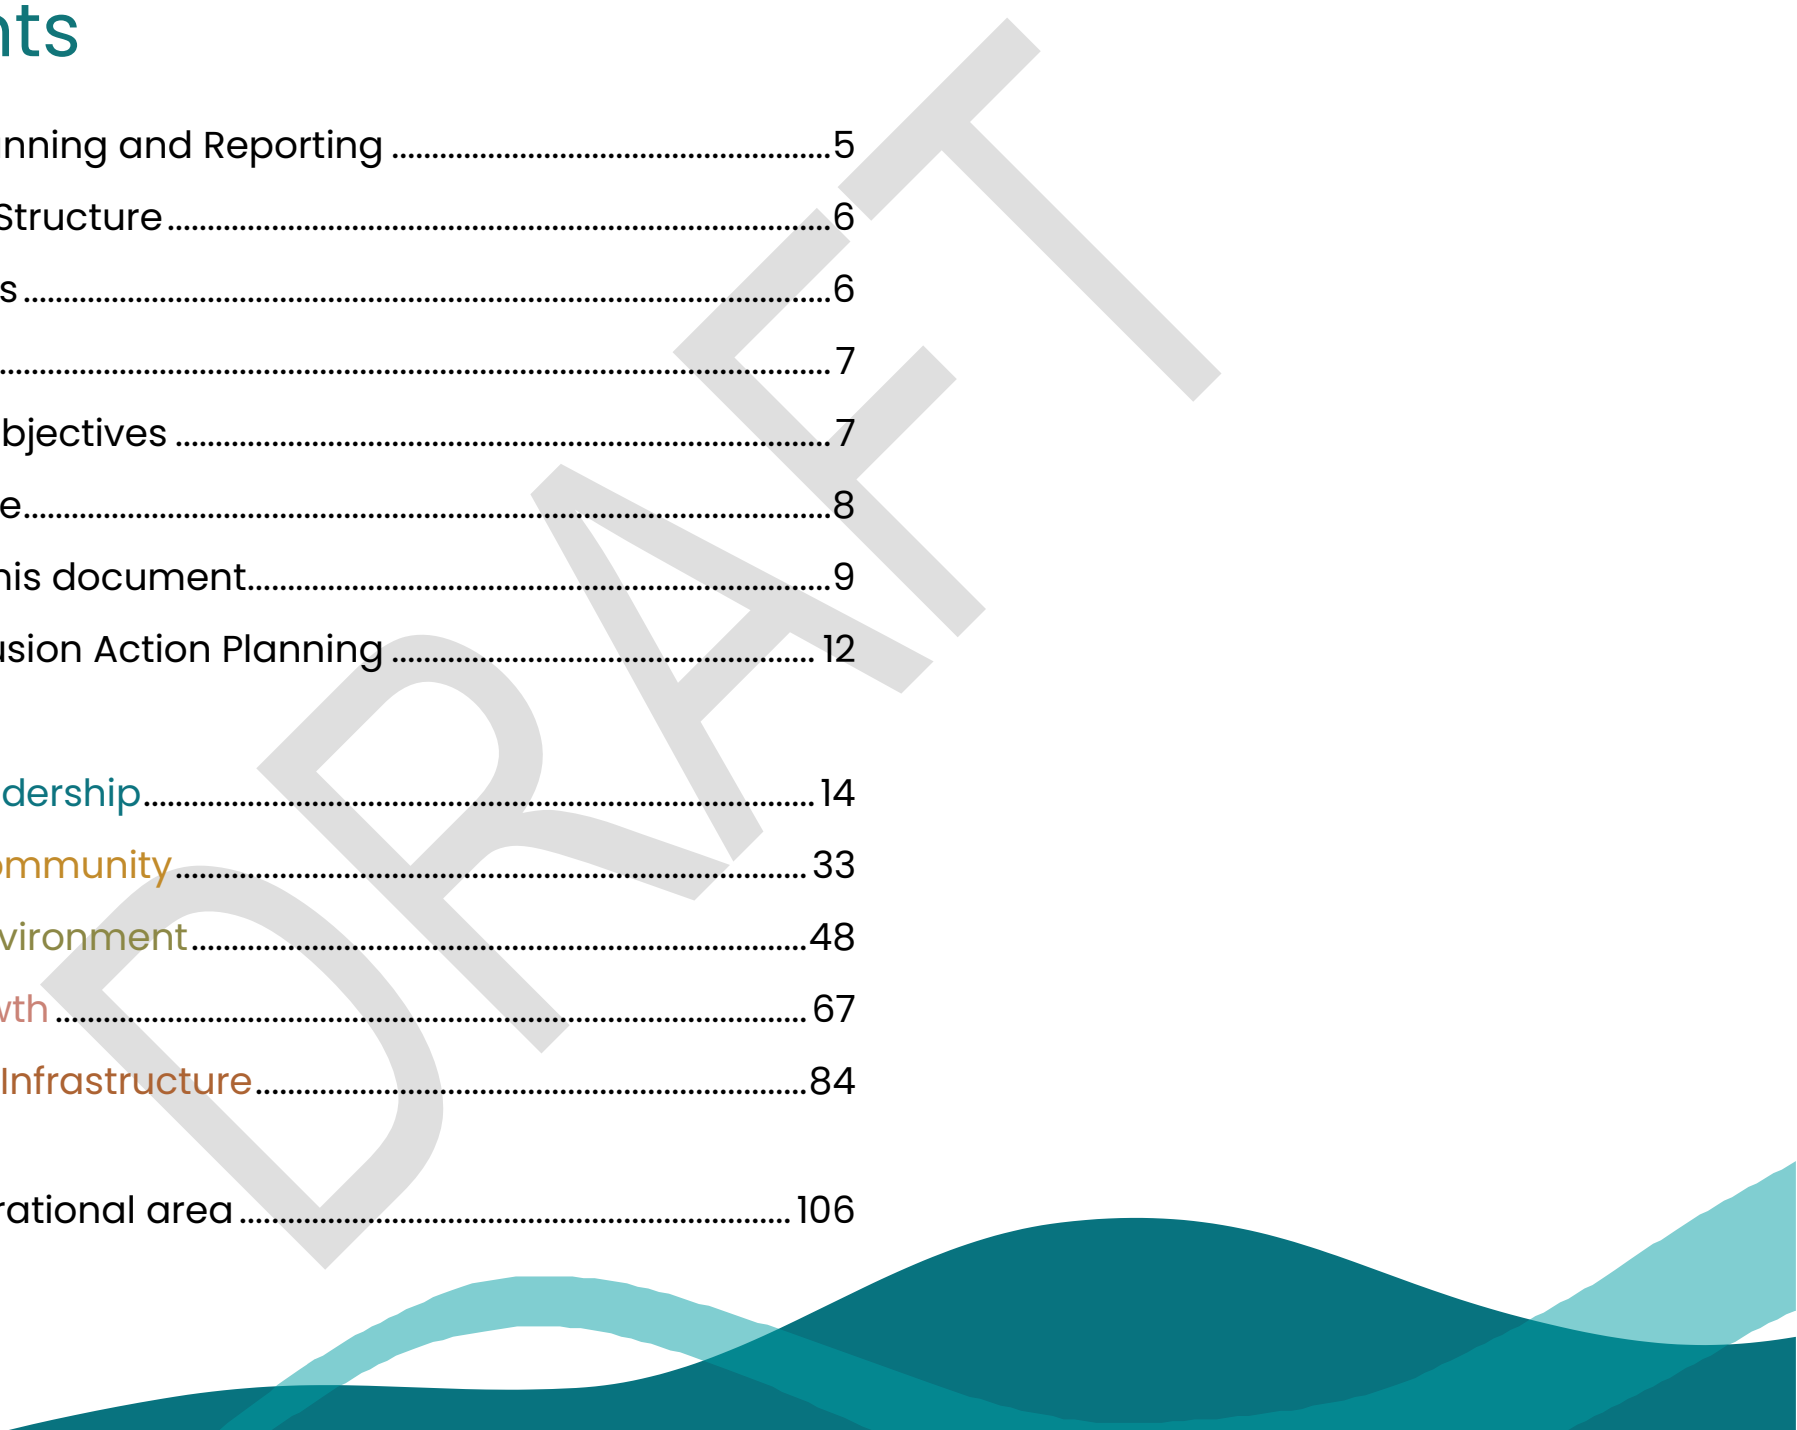

We recognise that we can't do this alone and we'll need to work with the community to achieve our goals. We will continue to engage with the community and stakeholders to ensure that we're listening to feedback and incorporating it into our decision-making processes. We believe that by working together, we can achieve great things for the Byron Shire.

Council is excited about the opportunity to deliver on our commitments and continue to support the Byron Shire community. Together, we will rebuild and emerge stronger.

# Integrated Planning and Reporting

## 10 Year Community Strategic Plan

Leading the Council's planning hierarchy, the Community Strategic Plan captures the community's vision, aspirations, and expectations for the future. It identifies key social, economic, and environmental priorities and long term strategies to achieve these goals over the next 10 years.

## 10 Year Resourcing Strategy

The resourcing strategy addresses the sustainable long term financial, asset management, and workforce planning requirements. This is the point where Council assists the community by sorting out who is responsible for what, in terms of the issues identified in the Community Strategic Plan.

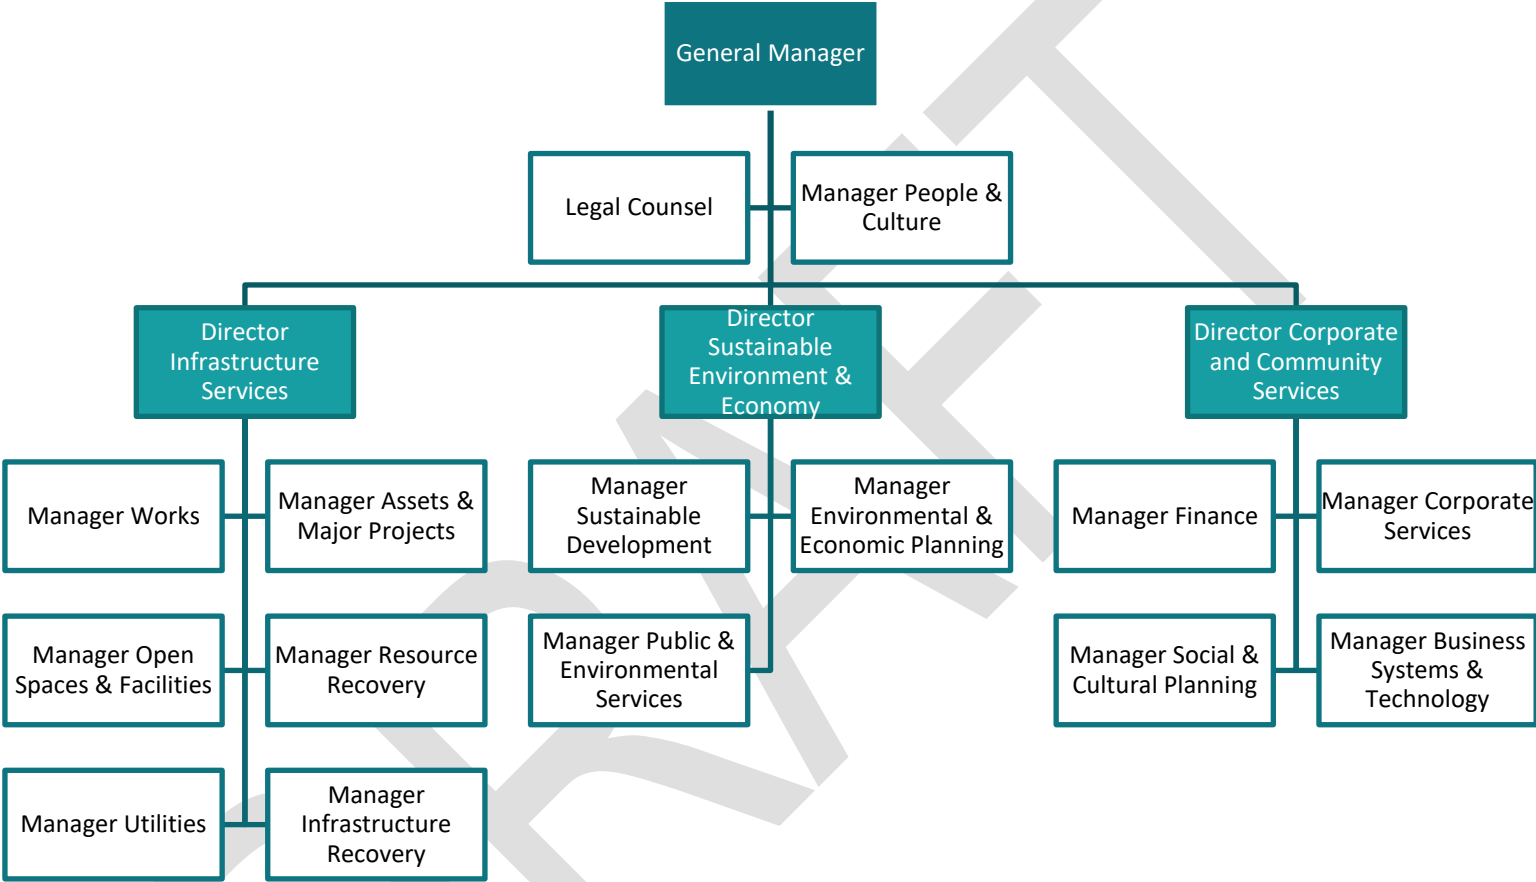

## 4 Year Delivery Program

The delivery program translates the community strategic plan goals into actions. It is Council's commitment to the community, outlining what it intends to do toward achieving the goals of the community strategic plan during its term of office. The Delivery Program is the single point of reference for all principal activities undertaken by Council. All plans, projects, activities, and funding allocations must be directly linked to the four-year delivery program.

## Annual Operational Plan

The Delivery Program is supported by an annual Operational Plan which details the individual projects and activities that will be undertaken each year to achieve the commitments of the Delivery Program. The Operational Plan is supported by a detailed budget and a statement of revenue policy, which also sets the fees and charges for that year.

# Organisation Structure

## Council Values

Council staff have embedded the following important values into their everyday tasks and contact with each other and the community.

These words and images help staff focus on what is important to them about values. We have built these values into the staff recognition and acknowledgement programs.

- WE LEAD WITH ENTHUSIASM AND PURPOSE**
- WE ARE OPEN, HONEST AND RESPECTFUL**
- WE FOSTER WELLBEING AND CREATIVITY**
- WE ACHIEVE OUR GOALS AND SUCCEED TOGETHER**

# Recovery Action Plan

In February and March 2022 Byron Shire experienced the most significant flooding in documented history. The impact has been felt across all communities within Byron Shire, and the Northern Rivers region. There was extensive destruction of dwellings, environment, and infrastructure, and the impacts on community and the local economy are still being felt.

The Recovery Action Plan responds to the disaster events of February and March 2022.

The term ‘disaster events’ is used to encompass the heavy rains, unprecedented flooding of river systems, and devastating land slips which have had significant negative impacts within Byron Shire. The Recovery Action Plan is not only about reinstatement and remediation, it includes determining how to build back with greater preparedness. Recovery means adapting to the current context, as we have not yet returned to ‘normal’. Recovery includes leveraging what we have learned and improving our preparation for possible future disasters. In these ways, the Recovery Action Plan is also about disaster resilience.

The Recovery Action Plan is for all of Byron Shire. The disaster events of early 2022 impacted all of us within the region, with many communities united through the common experience of isolation, loss, trauma and grief, as well as buoyed by the collective action of neighbour helping neighbour. While we recognise the broad impact of the disaster events, we also know that some locations and individuals have borne a direct and particularly heavy toll. We have established our Recovery Action Plan priorities accordingly to respond to the greatest needs.

## Intended outcomes

We have developed the following outcomes statements to convey the intent of the Recovery Action Plan across the five domains of recovery:

Recovery Action Plan outcome statements	
	<p><b>Built Environment</b></p> <p>We have reinstated Council infrastructure on a priority basis, including integration of disaster resilience wherever possible.</p> <p>We have integrated new information about disaster risk into land use planning.</p>
	<p><b>Natural Environment</b></p> <p>We have facilitated the recovery of the natural environment and increasing resilience to future environmental events.</p>
	<p><b>Economic recovery</b></p> <p>We have facilitated access to financial supports, and contributed to economic recovery of businesses, industries and individuals.</p>
	<p><b>Community wellbeing</b></p> <p>We have facilitated disaster recovery and disaster resilience in communities.</p>
	<p><b>Emergency arrangements</b></p> <p>We have improved emergency arrangements to reflect learning from the disaster experience.</p>

# Recovery Actions

The recovery is ongoing and Council has emphasised some of the key priorities that will need to be addressed in the coming years in the Delivery Program 2022-26, as shown below.

3.3 Protect the health of coastline, estuaries, waterways, and catchments	4.2 Enable housing diversity and support people experiencing housing insecurity	4.5 Support a resilient community that can adapt and respond to change	5.1 Provide a safe, reliable, and accessible transport network	5.3 Ensure infrastructure meets future needs and invest in emerging technologies
3.3.2 Floodplain management	4.2.1 Housing insecurity	4.5.2 Recovery	5.1.5 Restore road network	5.3.4 Telecommunications
Mitigate the impact of flooding on private and public property	Seek opportunities that provide fair, appropriate, and affordable housing for people experiencing housing insecurity	Support the community through the ongoing recovery following the 2022 flood event	Restore the affected parts of the road network that were impacted by the 2022 flood event	Advocate for more disaster resilient communication networks

There are a number of activities from the Recovery Action Plan that are incorporated into this Operational Plan, as depicted by the below icons:

**Built Environment**

**Natural Environment**

**Economic recovery**

**Community wellbeing**

**Emergency arrangements**

# How to read this document

Our plans are based around five community objectives underpinned with 25 strategies. The Operational Plan is presented in this document in two key parts. The layout and key parts of this document are:

**Part 1: Operational Plan 2023/24**

The Operational Plan is structured by the 5 Community Strategic Plan objectives, denoted by the separate colours and sections within this document. The corresponding CSP strategy and Delivery Program priorities frame the list of Operational Plan activities, as set out in the example below.

Each Operational Plan activity has a corresponding measure, due date and type; and where relevant links to Council resolution and DIAP are also identified.

**Part 2: Budget and Works by Operational Area 2023/24**

This part of the document is laid out by operational area and notes who is responsible for each budget area. It sets out our budget for the year ahead and includes the financial plans and budgets for capital works and where funds and resources come from, and go to, in terms of carrying out day-to-day Council operations and to helping fund capital expenditure items.

## Disability Inclusion Action Planning

Byron Shire Council is committed to co-creating an equitable, accessible, and inclusive community.

The *Disability Inclusion Act 2014* (NSW) provides the legislative framework to guide

state and local government disability inclusion and access planning. The Act supports people with disability to access:

- the same human rights as other members of the community.
- independence and social and economic inclusion within the community; and
- choice and control in the pursuit of their goals and the planning and delivery of their supports and services.

In meeting the requirements under the Act for disability inclusion and access planning, Council must:

- (a) specify how it will incorporate UN human rights disability principles into its dealings with matters relating to people with disability
- (b) include strategies to support people with disability
- (c) include details of its consultation about the plan with people with disability
- (d) explain how planning supports the goals of the State Disability Inclusion Plan in the four key areas of.

## Attitudes & Behaviours

Council staff show positive attitudes and respectful behaviour towards people with disability, including "invisible" disability and encourage these positive attitudes and behaviours within the broader community.

## Liveable Communities

Council will create more accessible infrastructure, public spaces, recreational and cultural activities, and events enabling greater participation in community life.

## Employment

Council will encourage the development of opportunities for people with disability to obtain meaningful employment within Byron Shire.

## Systems & Processes

People with disability can easily and efficiently access Council services and engage in decision-making.

Council is committed to co-creating meaningful change in all four key areas by undertaking programs and activities each year that work to achieve these outcomes.

The Disability Inclusion Action Plan (DIAP 2022-26) sets out the key strategies and actions Council will deliver to support people with disability have greater access to information, services, and facilities. DIAP activities are included in Council's Integrated Planning and Reporting (IP&R) framework through the annual Operational Plan.

The Accessible Icon  represents that the project or program is identified as a Disability Inclusion Action Plan activity. Progress on these activities is formally reported as part of Council's annual reporting processes
