Hi Deanna,

I am writing to you in regard to process of closing a council public road in the Byron Shire.

From what I understand, an initial investigation will need to be undertaken in order to determine the viability of closing the subject road.

As per the Byron Shire Council 'Process & Cost Structure for Road Closures' document, I have attached a plan of a council road adjacent to 158 Skinners Shoot Road, Skinners Shoot (Lot 199 in DP 755695) for consideration.

Could you kindly please advise on the process from here? We are ready to pay the Initial Investigation Fee immediately.

Regards,

Paul Holden
